TO WHOME IT MAY CONCERN

On behalf of Ali Model English School, I would like to thank Indeever Madireddy for carrying out a fundraising drive and donating our school a generous sum in December 2021. We are extremely thankful for this support which will be helpful in improving our STEM laboratory at school.

AMES, provides education to children from underprivileged backgrounds residing in the industrial area of Korangi, Karachi. At present we have over 350 students getting quality education. However, due to Covid19 and financial constraints, the lab up-gradation was put on hold. With Madireddy's kind help we will now be able to improve our lab facility which will benefit all our students.

Thank you Madireddy for this aid. Your commitment is commendable, showing that you care about children from underprivileged backgrounds and want to assist them in getting equal opportunities to grow. We wish you best of luck for your future endeavors.

Warm regards

AALIYA ZAKIR
Principal
