TO WHOME IT MAY CONCERN

On behalf of Ali Model English School, I would like to thank Wajhi R Zaidi and Whitney Bowyer for carrying out a fundraising drive and donating our school a generous sum in April 2022. We are extremely thankful for this support which will be used in setting up a medical camp at our school facility.

AMES, provides education to children from underprivileged backgrounds residing in the industrial area of Korangi, Karachi. At present we have over 350 students getting quality education. In the past, we had regularly set-up medical camps which benefited not only students but their families too. However, due to Covid19 and financial constraints, this activity was put on hold. With Zaidi and Bowyer's kind help we will now be able to set-up a medical camp which will be targeted at creating health awareness and providing medical help to the needy.

Thank you Zaidi and Bowyer for this aid. Your commitment is commendable, showing that you care about children from underprivileged backgrounds and want to assist them in getting equal opportunities to grow. We wish you best of luck for your future endeavors.

Warm regards

AALIYA ZAKIR
Principal
